WORK EXPERIENCE

March 2019 - Present

Selgeren Pty Ltd. (Scrap Metal)

Low wage attempt to learn more in the engineering and foundry business Selgeren has helped me identify different types of metals with an exceptional rate of accuracy. Sales and maintenance of client relations was also performed.

August 2018 - February 2019

CR Trading & Projects

Contractual Work - Assistant site manager for sewerage line repairs; job entailed safe and efficient working environment to place an 11 meter deep manhole and to redirect sewerage line as well as building a pump station with locking valves. Working closely with government workers to ensure completion of job at hand.

August 2016 - July 2018

Independent Financial advisor and Entrepreneur

Sourcing clients to provide financial advice.

August 2015 - June 2016

Financial Advisor, Old Mutual, Heidelberg

Sourcing clients or businesses and planning for any loss or life changing event/retirement.

May 2015 - July 2015

General Worker, RKES Engineering, Vereeniging

Eddie Current Inspection and high pressure cleaning, although my main tasks for period was high pressure cleaning of condensers in power stations and wiring of new workshop.

November 2013 - April 2015

Technion, BenBen Technologies, Vereeniging

Main work on Lathe and Milling Machine was machining shafts, bearing holders and various components on Eco Bikes. Installing and planning of solar energy systems and contract work including other conversions, solar streetlights and high masts. I also have experience in single phase and three phase electrical work, other municipal contract work included installing water meters, mechanical repair (vehicles) and manufacturing of entrepreneurial bikes/scooters.

December 2012 - October 2013

General Worker, DB Patents, Vaal Park

Planning, manufacturing and installing of a wide variety of governmental work; i.e. solar street lights, water-meters and pothole repairs.

JOB APPLICATION

I'm hard working, determined and an opportunist. I'm an eager, enthusiastic and an easy learner. I strive to be a great team player and am composed as well as work very well under pressure. I like new challenges and have the skills, experience and ability to add value to any company, corporate business or industrial sector.

I am fully prepared to accept a position where I may have training opportunities, may it be practical/theoretical to improve my own abilities, skills and knowledge to serve the best interests of your company.
